

Secure Wireless Communications CopyTele DCS-1400

**Confidentiality.
It's not a Luxury.
It's a Necessity!**

WHEN IT COMES TO TELECOMMUNICATIONS SECURITY... COPYTELE HAS THE KEY

Secure voice communications when connected to data capable Digital CELLULAR or SATELLITE telephones.

- Provides high-grade encryption to secure cellular and satellite voice communications.
- Operates on battery power or line power for security anywhere.
- Very compact, light weight and easy to operate.
- Headset for private discrete communications included.

CopyTele DCS-1400

Voice Encryption

When connected to Satellite User Terminals, data capable Digital Cellular telephones or Satellite telephone handsets the **CopyTele DCS-1400** provides high-grade secure voice encryption. The **DCS-1400** is so flexible, diverse, portable and easy to use why would anyone allow their personal and private communications to be sent over cellular or satellite channels unprotected. In this day and age, government, business and personal communications need to be kept confidential, encrypted information can not be decrypted and read by an unauthorized person.

The **DCS-1400** contains the communication technology of **CopyTele, Inc.** utilizing either the ultimate digital encryption algorithm of the day the **Citadel™ CCX** developed by **Harris Corporation**, the new **Advanced Encryption Standard (AES)** or the **Triple DES** digital cryptographic algorithm. The device is a compact and portable security system that is very easy to operate.

WHEN IT COMES TO TELECOMMUNICATIONS SECURITY...

COPYTELE HAS THE KEY

Specifications

Encryption Algorithm: Harris CITADEL™ CCX, Triple DES or the Advanced Encryption Standard (AES): one algorithm per unit

Cryptographic Traffic Encryption Key:

Minimum 3.4×10^{38} combinations (128-bit key length)

Minimum Communication Speed:

2400 bps throughput

Cellular/Satellite Phone Connector: DB-9

Weight: 3 oz.

Power Source: 90 to 240 Volts A/C 50 to 60 Hz

Battery: Lithium Ion, providing up to 6 hours of secure operation in the wireless mode. Secure operation is possible while charging.

Power Consumption: .6 Watts

Dimensions: 5" D x 2.2" W x .4" H
(127mm D x 56mm W x 10mm H)

Specifications subject to change without notice

The DCS-1400 has been approved for export by the United States Department of Commerce.
